

**Dr Ronny Tan** is a Consultant and Director of Andrology in the Department of Urology, Tan Tock Seng Hospital. He is a urologist trained in Singapore and Board-certified by the Ministry of Health Specialist Accreditation Board. He has been a Fellow of the Academy of Medicine, Singapore since 2012.

He was awarded the NHG Healthcare Manpower Development Plan (HMDP) scholarship in 2013 and underwent a 1-year clinical fellowship training in Andrology, Sexual Medicine and Urology Prosthetic Surgery at Tulane University in New Orleans, Louisiana, USA, under the mentorship of Professor Wayne Hellstrom, making him the first Singaporean urologist to be fellowship-trained in this subspecialty in the USA.

He is a Clinical Core Faculty of the NHG-AHPL Urology Residency Program, a Clinical Teacher of the Lee Kong Chian School of Medicine, Nanyang Technological University – Imperial College, a Clinical Senior Lecturer of the Yong Loo Lin School of Medicine, National University of Singapore and has been voted "Best Teacher" (Junior, Surgical Division) in 2011/2012 and Top 10 Teachers (Division of Surgery and ADM) in 2012/2013.

Dr Ronny Tan is currently in the Executive Committee of the Society for Men's Health, Singapore (SMHS) and Society for Continence Singapore (SFCS) and is a member of the Asia-Pacific Society for Sexual Medicine (APSSM) and International Society for Sexual Medicine (ISSM). He is the co-chairman for the SMHS Guidelines for Erectile Dysfunction and is on the committee for the SMHS Guidelines for Premature Ejaculation as well as Guidelines for Better Prostate Health. He is a regular reviewer for the Journal of Sexual Medicine, Sexual Medicine Reviews and Urology (Gold Journal). He has served as course director in numerous symposia, masterclasses as well as courses on andrology and sexual medicine, and shares his expertise as invited speaker and faculty in conferences in the region and abroad. He is also active in organizing public forums and GP forums and contributes articles to local magazines and newspapers, to raise the awareness of Men's Health issues to both the public and family physicians.
